2027 Prep visit – Friday 28th November 1.45-3pm

Next Friday is our last prep afternoon visit before the statewide transition day. We look forward to welcoming our preps for their 4th visit.

Tuesday 8th December Statewide Transition Day

Tuesday 8th December is statewide transition day.

On this day our 2026 grade 6 students spend the day at their new secondary school.

Our 2027 preps will do their final visit for the year.

All other students will step up into their 2027 year levels.

"Together we grow and learn"

Swimming – Notes & Asthma Plans
Our whole school swimming program commences on Monday 30th November for 2 weeks. Students swim every day except Wednesday 2nd December and Tuesday 8th December (Statewide Transition Day).

Permission and medical notes have gone home. Please ensure these are returned by next Wednesday 25th November so we can let the pool know numbers for instructors.

It is expected all students attend as per Department of Education Policy –'Since 2017, the Victorian Curriculum has required swimming and water safety to be taught to all students from Foundation to Level 10 as part of the Health and Physical Education learning area.' As such Swimming in Schools funding is provided to Victorian government primary schools to assist with the delivery of quality swimming and water safety education. The school has also received a Sporting Schools grant so students will participate in 8 swimming lessons at NO cost.

Classes will attend lessons between 12.20pm and 3 pm, walking to and from the pool. **As we are walking and swimming, we will need to ensure all students with asthma have in date plans and have their own spacer and inhaler they can take.**

Assessment and Reporting 2027
The Department of Education has updated its student reporting policy to support a more consistent statewide approach to reporting student achievement and progress. The changes are intended to make reports clearer for parents and easier for teachers to prepare. Where comments are used, they provide plain English information about what a student has learned, and the progress they have made. The updated approach will also improve the consistency of information shared when students move between schools, particularly from primary to secondary school.

What's changing in our reports

Your child's report will illustrate their progress and achievements in each learning area and capability, showing:

- your child's achievement level in each learning area and capability for that semester. This will be rated against a 5-point scale.
- their progress since the last report
- a brief summary comment (primary)
- a general rating of your child's effort and conduct (primary)

How we'll keep in touch during the semester

During the semester, you'll get updates on your child's learning when:

- we hold parent/carer conferences to talk about achievement and progress
- we reach out to you directly. We'll use COMPASS to share important achievements or concerns

If you have any questions about these changes, please contact the school.

On Monday while education support spent the day learning de-escalation strategies with a consultant, teachers focused on 2027 assessment. A huge thanks to Nina who led the day.

2027 Booklists –
Booklists are coming home with each student. Orders for booklists need to be completed online, with all instructions included on the sheet, and will be delivered to your home address. Any questions regarding the booklist, please do not hesitate to contact the office.

When completing the booklist please ensure that you use the **STUDENT'S NAME** (NOT Parents name) and **chose the 2027 grade** level booklist (not the grade they are currently in 2026).

Annual Christmas Raffle

Our annual Christmas raffle is back for another year, and we would love your support in making it a success!

Each class will be collecting donations to create a themed Christmas hamper. Donations can be brought directly to your child's classroom. Every contribution, big or small is appreciated!

Class Hamper Themes:

- **Prep Mon/Nina:** Stationery
- **P/1 Jameela:** Toys
- **Year 1 Emily:** Cooking
- **Year 2 Tracey:** Water Sports
- **Year 3 Caleb:** Craft
- **Year 3/4 Lucy:** Activity Games
- **Year 4/5 Nick/Megan:** Books
- **Year 5/6 Jake:** Fidgets and Sensory Toys

🎟 Raffle Tickets

Raffle ticket booklets will be sent home with students next week. Each booklet contains 10 tickets at $1 per ticket. Additional booklets will be available from the office for families who would like to sell more.

🎁 Early Bird Family Prize Draw

As a special thank you to families who get behind our raffle, every family who sells and returns a full booklet of tickets by **Wednesday 25th November** will go into an early bird prize draw!

The prize is a family pass for **4 people to Christmas Wonderland in Melbourne**, on **Wednesday 2nd December at 6pm**.

🎄 Christmas Hamper Draw

All returned raffle tickets will remain in the draw to win one of our fantastic class hampers! The raffle will close on **Friday 11th December**, with the lucky winners drawn on **Monday 14th December**.

Thank you for your continued support and generosity. We look forward to seeing our wonderful Christmas hampers come together and appreciate everyone helping to make this year's raffle a success!

Library Book Returns
A friendly reminder to all families that all library books must be returned by Friday 4th December.

There will be no further borrowing from Friday 27th November, so please ensure all outstanding books are returned.

We encourage families to have a good look around at home for any library books that may have been tucked away in bedrooms, bookshelves, or school bags. It is also a good idea for students to check around their classroom for any books they may have left behind.

Thank you for your help and support in ensuring all our library books are returned so they are ready for another year of reading and sharing!

Happy reading! 📖

Scholastic Book Club
The final Book Club catalogue for the year, Issue 8, has been sent home with students.

A big thank you to all the families who have supported Book Club throughout the year. Your purchases have helped us add lots of fantastic new books to our school library!

Week 1 Term 4

Be Respectful. Be Responsible. Be Safe.

SWPBS News

Eaglehawk Primary School

School Wide Positive Behaviour Support

We encourage all students to demonstrate our school values by:

Being Respectful – treating others with kindness and consideration.

Being Responsible – making positive choices and taking responsibility for our actions.

Being Safe – making choices that keep ourselves and others safe.

Our School Value: BE RESPECTFUL

At Eaglehawk Primary School, one of our important school values is Be Respectful. We encourage all students to show respect through their words, actions and choices every day.

Being respectful means:

- Using kind and polite words when speaking to others.
- Listening when someone else is talking.
- Following instructions and treating others fairly.
- Looking after our school environment and the belongings of others.
- Including others and celebrating our differences.
- Showing care and consideration for the feelings of others.

Respect helps to create a safe, welcoming and positive learning environment where everyone feels valued and supported.

Families play an important role too!

One of the best ways to support your child to be respectful at school is to model respectful behaviour at home. Encourage conversations about what respect looks and sounds like. You might ask your child, "How did you show respect to someone today?" or "What could you do if you notice someone feeling left out?" Praising your child when they demonstrate kindness, good listening and consideration for others helps reinforce these positive behaviours.

Together, we can build a school community where everyone feels respected, valued and included!

WEEKLY UPDATE PREP/1

Phonics
In Phonics, we spent our final week focusing on the double-letter digraphs ff, ll, ss and zz before moving on to new digraphs. We practised reading and spelling words such as puff, bell, mess and buzz. We listened for the sound at the end of each word and noticed how two letters work together to represent one sound.

Literacy
In Literacy, we read Cinderella as part of our fairy tale unit. We looked at the title and cover to make predictions, identified the characters and setting, and retold the story in our own words. We used words like first, next and finally to put the events in order and explain how Cinderella's story ended.

Maths
In Maths, we solved subtraction stories with numbers up to 20. We used objects and drawings to show how many we started with, how many were taken away and how many were left. We then connected our models to subtraction number sentences.

Auslan
In Auslan, we practised greeting each other and taking turns asking and answering simple questions, such as 'How are you?' This gave us a chance to put familiar signs together in a short conversation.

Health
In Health, we got ready for swimming lessons by talking about what to pack in our swimming bags and how to stay safe around water. We discussed why we use walking feet near the pool, wait for the instructor's permission before getting in and ask a trusted adult for help when we need it.

ORIENTATION visits in the Prep Room
Kinder to Prep Orientation Program
Kinder families will meet Nina (this year's Prep teacher) in the school foyer.
From there, we will visit the Prep classroom for a play. Each week we will visit another space in the school. A post will be made in the Facebook group each week so you can talk to your child about the visit before you come.
Parents are welcome to stay for the beginning of the visit. Pick up from the classroom at 2:55pm.

We are looking forward to meeting you all on Friday!

Literacy
Our focus this week was discussion texts — writing that puts both sides of an issue fairly and leaves the reader to decide. We worked through a mentor text, 'Should dogs be allowed at school?', unpacking why a discussion heading asks a question instead of picking a side, and learning the words that tell you who holds each argument: supporters, advocates, opponents and critics. Students tracked how a text signals a switch to the other side with phrases like 'on the other hand', and how 'furthermore' keeps you on the same side. In writing they built a full discussion text on whether students should have a longer lunch break, using T-PEEL for each argument and finishing with a conclusion that weighs up both sides and makes a recommendation.

Numeracy
In maths we built on last week's 10% work to find 1% of a number, moving the decimal two places instead of one. Students used those facts to work out interest — what a bank adds to your savings — and then percentage decrease, where money comes off: a surcharge on a card payment, a 10% cut for helping sell a card, a 20% fee for selling online. We kept coming back to the two steps, find the change first, then add it on or take it away. Students worked through real money problems in both modes, including what you need to sell a card for to still clear $100 after the fee.

Thank you for your continued support!
